

Digital Hub

If you're looking for professional, friendly advice about your sexual and reproductive health, then visit our **digital hub** by scanning the code below or go to:

www.leedssexualhealth.com

On the hub you can access lots of our services including:

- Find accurate and trusted information about services available in Leeds (STIs, contraception, emergency contraception, HIV prevention and treatment, pregnancy testing).
- Chat to a healthcare professional online.
- Access electronic prescriptions for chlamydia treatment.
- Order a postal STI testing kit.
- If you already receive PrEP from us, you can ask us for a follow-up prescription.
- Request a prescription for some forms of contraception.

Telephone: 0113 843 4495

Our services are located across the city and are free, open to everyone, and confidential.
